

NATIONAL PLANNING CONFERENCE OF THE AFRICAN PEOPLE'S SOCIALIST PARTY

40 YEARS OF LEADERSHIP AND STRUGGLE BUILD THE REVOLUTIONARY PARTY FOR AFRICAN LIBERATION

Black man, black woman, take your place among the world's peoples. The relationships in the world are changing fast. The white empire is in trouble because the people it lives off of are fighting back everywhere.

We have to respond to the poverty, violence and miseducation that have been imposed on us for so many years. We've lost our homes, our freedom and our right to control our own lives. We've got to take our own future into our own black hands.

Come to this conference and participate in taking back control over our own black lives. Let's take advantage of this moment in history and take the freedom that's been denied us for so long!
